Event Sponsorship

Commercial Sponsorship provides businesses an opportunity to take part of MWR events by paying a monetary and/or in-kind fee. In return, the business is given access to the attendees and the commercial potential associated with the event. Commercial Sponsorship is not a donation or gift since it is a business-based exchange and fees are used to offset costs and to enhance the event.

As an event sponsor you'll receive promotional tie-ins for the selected event with your logo included on all event-related marketing material. Promotional activities vary, based on the size of the event but typically include: printed flyers, posters, banners, newsletter, digital signage, website and social media ads. Sponsors also receive a Facebook thank you message with a link to sponsor's website and verbal thank you announcements during each event.

Each event is promoted base-wide and in some instances cross-promoted at nearby installations. The promotional timeline may vary, depending on expected event attendance.

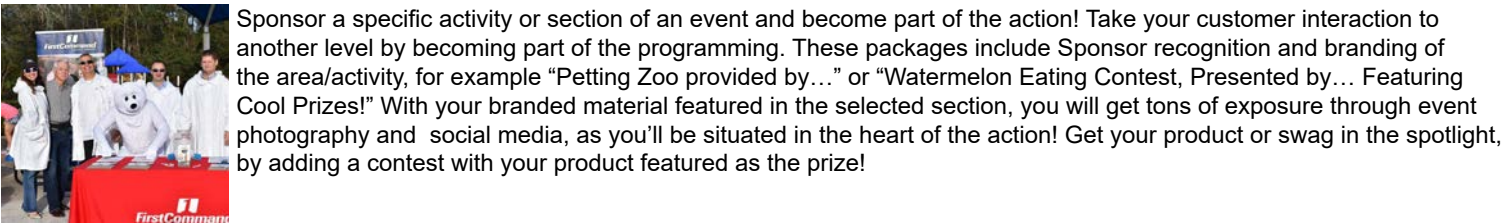

Event sponsorship provides brand exposure for weeks (through pre-event marketing and on-site branding) and offers a great opportunity for customer interaction!

Sponsor recognition on social media, event promotion (with Sponsor's logo) in base-wide (print and electronic) distributed newsletters and occasionally in base newspapers.

Sponsor's logo on event T-shirts, bags and various keep-sake swag given out to event participants.

SPONSORSHIP LEVELS

Level 1 (Sponsor Only): No exhibit space, promotional tie-ins only. Includes sponsor logo on flyers, posters, digital ads, etc. advertising event; thank you message and link on Facebook up to 2 weeks prior or 1 week after event; verbal thank you announcement at event if PA system is available.

Level 2 (Exhibitor): Includes on-site exhibit (booth) space as well as all "Level 1" benefits.

***Premier:** Standard rates/levels do not apply to premier events marked with an asterisk (*), multiple levels of sponsorship may be available.

IN-KIND SPONSORSHIP OPPORTUNITIES

In-kind Sponsors provide goods or services rather than cash as their sponsorship offering. For example, a local coffee shop may sponsor a monthly 5K run by providing participants with coffee or juice at the finish line, or a party rental store may provide a balloon artist at an event in exchange for promotional benefits.

In-kind (non-monetary) sponsorship is a great opportunity to promote your product or to offer your target audience a chance to interact with or sample your product.

Consider providing a product as a prize, with the prize being the highlight of the event marketing distributed base-wide. With a well-matched product, this will not only increase brand recognition and audience excitement about the product but also boost overall event participation.

In-kind sponsorships may also include the display of the provided product and any related promotional materials for the duration of the event promotional period.

Have a smaller product? No problem! We can get your swag and promotional giveaway's in the hands of your target audience! We want to give YOU the biggest bang for your buck while supporting our military family!
